Jimmy (Yihang Zhong /i xɑŋ ʈʂʊŋ/)

Curriculum Vitae

Department of English
The Chinese University of Hong Kong
Hong Kong SAR, China

Email: yihang.zhong@link.cuhk.edu.hk
ORCiD: https://orcid.org/my-orcid?orcid=0000-0003-4206-3686

My research focuses on experimental syntax, semantics, pragmatics, and their interfaces using acquisition and processing data. Ontologically, I appreciate linguistic limits (i.e. how much subsystems of syntax and semantics can vary across languages) and predictors (i.e. what features may co-occur cross-linguistically). Epistemologically, I believe that linguistics is ultimately a part of cognitive science. Hence, I investigate how our language faculty operates during language comprehension and production, and how it integrates into the broader context of the domain-general cognitive system. Methodologically, I employ various behavioral and neural methods to explore the interaction between linguistic theory (both form and meaning) and cognitive architecture.

Research Interests

- Language Acquisition
  acquisition of syntax/semantics, child and adult acquisition
- Psycho(-neuro)linguistics
  sentence processing grounded in syntax/semantics, neurotypical/neurodivergent processing
- Linguistic Philosophy
  history of linguistic thoughts, philosophy of linguistics research

Publication

1=first author; ✉=corresponding author

published **Zhong, Y. H.** (2024). L2 cognitive construal and morphosyntactic acquisition of pseudo-passive constructions. *Linguistics Vanguard* (SSCI Q3), 10(1), 147-161. https://doi.org/10.1515/lingvan-2023-0104

published **Zhong, Y. H.** (2024). From generative hierarchicality to parallel-dialogic syntax:

	modeling typological protolanguage, *SN Social Sciences* (Scopus), Springer Nature, 4, 145, https://doi.org/10.1007/s43545-024-00931-8
published	**Zhong, Y. H.** (2025). Asperger writers' attention & awareness in written production. *Language Awareness* (SSCI Q1), 1-26, https://doi.org/10.1080/09658416.2025.2556937
published	Chen, J. Q.[1], Huang, H. Y.[1], **Zhong, Y. H.[1]** ✉, Ling, L., Hu, K., Luo, Y. L. & Li, H. H. (2025). Reading-selective cerebellar areas In bilingual readers. *Brain & Language* (SSCI Q1), 279, 105770. https://doi.org/10.1016/j.bandl.2026.105770
published	Hao, J. J. & **Zhong, Y. H.** ✉ (2026). Effects of syntactic role on processing pronoun resolution. *International Review Of Applied Linguistics* (SSCI Q1). https://doi.org/10.1515/iral-2025-0185
minor revision submitted	**Zhong, Y. H.** (2024). Semantic-pragmatic constraints on Chinese genitive constructions. *Studia Linguistica* (SSCI Q4)
1st round peer review	**Zhong, Y. H.** (2023). Adaptive lexical inference under input uncertainty. *Memory & Cognition* (SSCI Q2)
1st round peer review	**Zhong, Y. H.** (2025). Aspect in telicity acquisition: evidence from Mandarin children. *Journal Of Linguistics* (SSCI Q2)
1st round peer review	**Zhong, Y. H.** (2025). Can the Galilean ideal of generative linguistics be sustained? *International Studies In The Philosophy Of Science* (AHCI)
1st round peer review	**Zhong, Y. H.** & Li, H. H.* (2025). L1 & L2 processing of counterfactual conditionals: evidence from fMRI. *Journal Of Neuroscience Research* (SCIE Q2), registered report stage 1
1st round peer review	**Zhong, Y. H.** (2026). Titularity & disciplinary identity. *Philosophy* (AHCI)

Employment

2026.04-now	Institute of Psychology of The Chinese Academy of Sciences Research assistant (in the field of psycholinguistics)
2025.06-2025.12	School of Psychology, Shenzhen University, China Research assistant (in the field of neurolinguistics with an EEG/fMRI focus)

Education

2022.08-2023.07 M.A. (Applied Linguistics), The Chinese University of Hong Kong, Hong Kong, China

Full-time student representative nominated by the department

Self-directed thesis: Asperger Writers' Attention & Awareness In Written Production (Currently published by *Language Awareness*, SSCI Q1)

GPA: 3.5/4

2019.03-2021.12 B.A. (Linguistics), Adelaide University, Adelaide, South Australia, Australia

GPA: 6.75/7

2021.06-2021.10 Advanced Diploma of Translating, Sydney Institute of Interpreting & Translating, Australia

2021.01-2021.06 Diploma of Interpreting, Australian Ideal College, Australia

Summer School

2024.07-2024.08 *Core Courses In Linguistics*, Beijing Institute Of Technology, Beijing, China

Organizer: The Linguistics Institute of China

- 600-hour intensive training in phonetics, phonology, syntax, and semantics
- daily lectures, weekly assignments and exams
- high familiarity of generative linguistic analysis across core modules

2023.07 *Time & Cognition*, Peking University, Beijing, China

- self-directed study in the field of semantic & syntactic processing with neurolinguistic methodology
- engagement in reading discussion groups
- formulation of a new neurolinguistic research proposal (title: *L1 Processing Of Counterfactual Conditionals With Modality: Evidence From ERPs*)

Invited Conference Presentations

2023.07.15 2023 Hong Kong Association for Applied Linguistics (HAAL) Conference, Hang Seng University of Hong Kong, Shatin, Hong Kong, China

- Paper Presentation: *Adaptive lexical inference under input uncertainty*

2023.08.31-09.02 2023 Architectures & Mechanisms For Language Processing-Asia Conference, The Chinese University of Hong Kong, Hong Kong, China

- Poster Presentation: *Adaptive lexical inference under input uncertainty*

2023.11.04-11.05 2023 Applied Linguistic Research (ALR) Symposium, Prince Sultan University, Saudi Arabia

- Poster presentation: *L2 Cognitive Construal & Morpho-syntactic Acquisition Of Pseudo-passive Construction*
- Paper Presentation: *Adaptive lexical inference under input uncertainty*

2023.11.19-11.21 2023 Applied Linguistics Association of Australia (ALAA) Conference, The University of Wollongong, Wollongong, New South Wales, Australia

- Paper Presentation: *L2 Cognitive Construal & Morpho-syntactic Acquisition Of Pseudo-passive Construction*
- Paper Presentation: *Adaptive lexical inference under input uncertainty*

2023.11.29-12.01 2023 Australian Linguistic Society (ALS) Conference, University of Sydney, Sydney, New South Wales, Australia

- Paper Presentation: *L2 Cognitive Construal & Morpho-syntactic Acquisition Of Pseudo-passive Construction*
- Paper Presentation: *Adaptive lexical inference under input uncertainty*
- Paper Presentation: *Asperger Writers' Attention & Awareness In Written Production*

2024.06.21-06.22 2024 International Conference On Linguistics & Language Studies, Hong Kong Metropolitan University, Hong Kong, China

Paper Presentation: *From Generative Hierarchicality To Parallel-dialogic Syntax: Modeling Typological Protolanguage*

2026.06.22 2026 Oxford Postgraduate Conference In Linguistics, University of Oxford, Oxford, Britain

Poster presentation: *Aspect In Telicity Acquisition: Evidence From Mandarin Children*

Professional Service

Journal reviewer

Applied Linguistics (SSCI Q1)

Lingua (SSCI Q2)

Humanities & Social Sciences Communications (SSCI Q1 & AHCI)

Forum For Linguistic Studies

Media Engagement

- Content creation about popular science articles on social media
  - *Does linguistics truly research "language"? Syntactic theory→language acquisition→AI*
  - *Linguistics VS psychology: how they study psycholinguistics in their own way*
  - *The survival predicament of niche disciplines and what constitutes truly important research*
  - *Review of SSCI linguistics journals*
  - *A video takes you through the development of modern linguistics over the past century*
  - *Where is the future path for us who study linguistics?*

Technical Skills

Statistics	Python, R Studio, SPSS
Laboratory	Praat
Translation	English-Chinese bidirectional translation
	Representative work (English→Chinese in about 90000 characters): Witting, A. (1989). *I For Isobel*. Penguin Books.

Languages

Native	Mandarin Chinese
Advanced	English
Basic	French

Courses Taken (Selected)

- Syntax
- Semantics
- Phonology
- Phonetics
- Theoretical Linguistics
- Research Methods In Applied Linguistics
- Second Language Acquisition
- Cognitive Linguistics
- Interdisciplinary Approaches To Multilingualism
- Psycholinguistics
- Time & Cognition
- Phonological Acquisition
- Linguistics & Translation
- Lexicology
- Language Variation & Change
- Sociolinguistics
- Language & Society
